Profile

Having completed a Bachelor of Commerce and currently studying a Masters in Software Engineering, I can deliver a high level of technical expertise while understanding the commercial aspects of a business. My drive to constantly learn and my leadership skills enable me to work with a diverse range of teams and fit into a rapidly changing industry. I wish to work in an environment where I am surrounded by people willing to act on ideas to create change.

Skills and Expertise

- Natural leader having captained a sporting team at a world championship, with strong presentation skills used in presenting to C-suite executives and hosting university events
- Strategic thinker with a strong business acumen and entrepreneurial spirit, as evidenced by the establishment of two businesses and having been an active investor and stock-pitcher in a student-managed investment fund
- Ability to communicate and work with diversified teams, apparent through volunteer positions held on multiple committees and involvement in co-working space communities
- *Proficient with:* Java, SQL, Python, HTML, CSS, JavaScript and JQuery
- *Learning:* C, Django, VBA, Apps Script, AngularJS

Experience

- | | |
|--|--------------|
| • Analyst - M&A Partners (part time) | 2015-present |
| • Founder - Jufl | 2015-present |
| Jufl ("Join up for lunch") is a social networking concept that I created to connect university students in new ways. Jufl is live and fully functional as an iOS app (http://jufl.io) and a website (Jufl Content http://jufl.co) which I designed and brought to fruition by engaging a team of developers and mobilising a local content development team | |
| • Founder - Ripsafe (seasonal) | 2014-present |
| • Head Coach - Scotch College, Water Polo (part time) | 2013-present |
| • Senior Beach Life Guard - Surf Life Saving Australia (seasonal) | 2012-2015 |
| • Head Coach - Ivanhoe Girls Grammar, Water Polo (part time) | 2014 |
